1111 Spruce St. Riverside, CA 92507 Phone (951) 955-9178 Fax (951) 955-1525

BEYOND YOUR EXPECTATIONS

Are you a Certified Nursing Assistant (C.N.A.) with one (1) year of acute care experience and are not quite getting what you want out of your current registry or job? How would you like to experience a niche assignment with a unique blend of direct patient care responsibilities and team leadership?

The County of Riverside's Medical Assignment Program (MAP) has the following Per Diem position available to qualified Certified Nursing Assistant (C.N.A.) candidates. The position is assigned to Riverside County Regional Medical Center RCRMC. Salary for this assignment will be \$12.25 Hour.

For immediate consideration please fax your resume to (951) 955-1525, or e-mail map@rc-hr.com

Certified Nursing Assistant (C.N.A.)

This Certified Nursing Assistant will assist professional nursing staff or other medical therapists to perform nonprofessional nursing duties in the care of physically and mentally ill patients; and to do other work as required.

- Gives basic bedside nursing care to assure comfort and cleanliness of patients; takes and records temperature, pulse, respiration, and blood pressure; bathes, shaves, feeds, and dresses patients and assists those capable of self care.
- Collects, tests, and records results of routine specimen examinations; gives patients bed pans, removes and cleans them, and records intake and output of patients.
- May assist in the administration of such treatments as suction, soaks, and enemas; gives and empties sitz baths; assists doctors or examiners with IV's, pelvic exams, spinal taps, or other medical procedures.
- Assists patients in getting into and out of bed and wheel chairs; lifts or assists in lifting, restraining, and positioning patients; may set up fracture equipment and assist doctors in applying casts and braces.
- Cleans and sterilizes instruments, dressings, supplies, and utensils; transports patients to and from units; assists in giving physical therapy and occupational therapy treatment.
- Observes and reports unusual behavior of patients to supervisor.
- May provide patient transportation in the absence of Medical Transportation Technician.

General physical abilities normally associated with performing the duties of this position including occasional bending, standing, climbing, kneeling, reaching; frequent sitting; and manual dexterity. (The recruiter can provide specific details.)

Equal Opportunity Employer/ Accommodation Available upon request.
