9. Deductible Income/Benefits From Other Sources

Your Group Disability plan is designed so that the income you receive from Standard Insurance Company and other sources (e.g., Social Security, Workers' Compensation, retirement system, and other income or benefits as described in your Group Policy as deductible income or benefits) combined will provide you with a percentage of predisability earnings, as defined in your Group Policy. Please review your Group Policy to determine how receipt of or eligibility for deductible income or benefits may impact your disability benefits. Please review your obligation to keep Standard Insurance Company informed of your application for and receipt of deductible income or benefits. Additionally, your Group Policy may allow Standard Insurance Company to reduce your disability benefit by estimated deductible income or benefits you are eligible to receive even if you have not applied for them. If your Group Policy states that Social Security benefits will be "deemed payable" even if not received, we will deduct from your disability benefit an estimated Social Security benefit for you and your dependents, based on your Social Security wage record. Please also understand that when deductible income or benefits are awarded you may receive a retroactive award (earlier date) and payment. This retroactive payment may result in an overpayment of your disability benefits because you would receive deductible income or benefits for a period during which you already have received disability benefits from Standard Insurance Company.
